BEN MOORE of color, was up
before City Judge Noe, Monday,
on the charge of flourishing a
pistol in the face of Bob Ray at
a "festible," given at the resi-
dence of one Mol Hundley on
last Saturday night. At the first
trial the jury failed to agree,
but on the second the jury de-
cided that Moore had been war-
ranted sufficiently by Ray to war-
rant him in pulling the gun to

prevent what appeared to him to
be chance of great bodily harm.
The Grand Jury will, however,
take a whack at Moore on the
charge of carrying concealed a
deadly weapon.

CONSIDERABLE surprise was
created here last Saturday by
the announcement that J. G.
Mansfield, one of our most pop-
ular merchants, had made an
assignment for the benefit of his
creditors. Mr. Mansfield has
been in business in Springfield
for several years and was
thought to be in comfortable
circumstances, and the news of his
financial embarrassment was
unexpected to his many friends.
Mr. J. T. C. Noe was made as-
signee, and it is thought that the
creditors will be paid dollar for
dollar. Besides his stock of mer-
chandise, Mr. Mansfield owns
some real estate in town and a
good farm in the neighborhood
of East Texas. The liabilities
will be about \$8,000, and it is
said that he has assets to fully
cover that amount. The store
is closed for the present, while
an invoice of the stock is being
taken. The creditors have not
yet decided just what disposition
will be made of the stock.

GARRETT HAYDEN, a boy of
about eighteen years of age,
whose parents live about four
miles from town in this county,
was brought to town one day
last week and tried for being a
lunatic. The boy it seems had
been all right until recently
when he began to act strangely
and gave his parents a great
deal of trouble. Some boys in
the neighborhood had been play-
ing a joke on him by writing
notes and signing the boy's
sweetheart's name to them. This
seems to have unbalanced his
mind. He was ordered taken to
the asylum. Sheriff John T.
Craycroft had quite an experi-
ence with the boy while on his
way to Lakeland with him. The
train had left Bardstown
Junction the boy made a dash
for the door of the car and was
in, he acted of jumping from the
platform when Mr. Craycroft
caught him. The Sheriff's hand
was caught in the car door and
badly cut. The train was mov-
ing rapidly and had the boy suc-
ceeded in his attempt, he would
probably have been killed.

The Chatauque Circle met at
Mrs. Jack W. Thompson's Mon-
day evening, April 5th. At roll
call, the quotations proved to be
unusually good, being culled
from the sayings of "The Seven
Wise Men of Greece." Mrs.
Thompson's talk on "Socrates"
was good; she told that Socrates
was more to broaden the Grecian
mind than anyone has ever done.
Judge Noe read from "In Memor-
iam." This philosophy of
sorrow is very beautifully writ-
ten had every point was brought
out by Judge Noe. It is in mem-
ory of Tennyson's friend and

classmate at Oxford, a Mr. Hal-
lam, who was also engaged to be
married to Tennyson's sister.
He died suddenly in Italy, and
the poet's great and bitter grief
is poured out in "In Memoriam."
Mrs. Lampton's select reading
was also good and much appre-
ciated by the members. We
met again at Mrs. A. L. Lee's,
April 19th. Roll Call—Quota-
tions from Plato; Lesson by the
class; An Essay—"Modern Phil-
osophers," Miss Jennie Browne.
"A study in Ancient History—
Babylonia and Assyria, Miss
Lizzie Lee. General discussion
—"The news of the Week," by
the class. "Alexander the
Great," Mrs. W. R. Thurman.
Select reading—Judge Thomp-
son and W. A. Waters. Em-
erson's Essay on "Plato," Miss
Mag Thompson.

SELSON COURT DAY.

Yesterday was County Court
day and there was an unusually
large number of people in town.
A number of sales of stock were
made and several tracts of land
were sold by Auctioneer E. H.
Arnold, who reports bidding as
lively and prices good. The
merchants also report business
as being lively. There was a
time not many years ago when
"April Court" was a big day in
Bardstown. Then there were a
great number of fine stallions in
the county, and April Court day
was set apart to exhibit these
fine horses which always brought
to town tremendous crowds. But
that now seems to be a thing of
the past, as there were not half
a dozen stallions on exhibition
yesterday. However, these
were exceptionally fine animals
and were greatly admired.—

IN MEMORIAM.

Died, April 8th, 1897, at her
home near Jenkentown, Ky., Mrs.
Grundy Boswell, wife of Gran-
der Boswell, at the age of 55
years, of consumption. Sister
Boswell professed faith in Christ
when quite young, and lived a
consistent member of the Baptist
Church. She died in the
triumph of living faith. She
leaves a husband and several
children whom she commended
to the hands of Him who is able
to supply all our need according
to his riches in glory by Jesus
Christ.
A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.
God in his wisdom has recalled,
The loom of life he has given,
Though early he has called her,
Her soul is safe in Heaven.—
A. R. P.

Americans are the most inventive
people on earth. To them have been
issued nearly 50,000 patents, or more than
one-third of all the patents issued in
the world. No discovery of modern
times has done greater benefit to mankind
than Chamberlain's Cough, Colic and
Diarrhoea Remedy, or has done more to
relieve pain and suffering. J. W.
Vaughn, of Canton, Ky., says, "I have
used Chamberlain's Cough, Colic and
Diarrhoea Remedy in my family for several
years, and it is to the best medicine
I ever used for cough in the ac-

at Campbell.

McElroy last Saturday.

proaching this week attending Presby-
tery. He will return Saturday.

on a protracted visit to Chicago, is
expected home this evening.

ster Meyers, of Lebanon, were guests

ville to attend the Falconer horse

the sale.

Mr. J. G. Mansfield is quite sick.
He had been suffering from a nervous
strain for several days and on Tuesday
night when he returned from Louis-
ville was prostrated, and is still con-
fined to his bed.

AT THE CHURCHES.

This column will be devoted to the
religious and church interests of our
town, and communications and an-
nouncements from the pastors of the
Presbyterian, Baptist, Methodist and
Catholic Churches are solicited.

Rev. R. E. C. Lawson left this
morning to attend the Transvaal
Presbytery which is being
held at Campbellsville this week
to celebrate the two hundred and
fiftieth anniversary of the writ-
ing of faith.

The Ladies' Cottage Prayer
Meeting will be held at the resi-
dence of the Misses Browne next
Monday afternoon at 3 o'clock.
The word text is "Help."

The Ladies' Missionary Society
of the Presbyterian Church will
meet on the last Saturday of
this month at Mrs. C. R. McEl-
roy's. The attention of the so-
ciety has been called to a needy
minister's family in Arkansas,
who are struggling to live on a
salary of eight dollars a month.
There are four children, (girls)
making six in the family to
clothe and feed. The Missionary
Society will be glad to receive
contributions of money, clothing
or anything that can be used in
a family. In every household
there is discarded clothing, but
little worn; and clothing that the
children have outgrown. Such
will be thankfully received, and
will be made into garments for
these needy children. Contribu-
tions sent to Mrs. C. R. McEl-
roy or Miss Nannie Ray Thurman
will receive the attention of the
society and be sent to their des-
tination.

The belfry to the Methodist
Church is almost completed and
the new bell was swung into po-
sition Tuesday and pealed forth
the fact with a musical ring that
made the heart of the energetic
pastor, Rev. Atkinson, throb
with joy, and caused those who
contributed to the fund to feel
great pleasure in the knowledge
that they had added another
public improvement and at the
same time helped a worthy cause.

The ladies of the Catholic
Church will give a dinner on
next County Court day in the
new building of Lloyd Hayden.
Dinner 25 cents for the benefit
of the church. It should be well
patronized.

An especially attractive mu-
sical service will be given at the
Catholic Church next Sunday to
celebrate Easter.

With the prospect of feet being both
abundant and cheap the wisdom of se-
curing an ample number of "padding"
to put in into shoes appears, and it
will therefore be well to consider the
expediency of doing a good deal of
padding for fall attire. As the fore-
mentioned says: "You can never
have too much padding." It is true,
we may all, perhaps, assume that it
will not be very high. Still, with com-
monly running low and high cry-
thing with the conditions which make
all the products low in price, it is bet-
ter to sell the corn by the hundred after
it is fed than by the basket before. If
fall attire is used for it, it should be
done at once, so that the pig may get a
good start before cold weather comes.
The conditions are not such as to in-
crease the breeding of fall attire in the
expectation of any phenomenal return,
but the chances are that the farmer
who at hawking time this year finds
himself with a big lot of pigs coming
on will be in a good deal better situa-
tion than he who has only a few."

Application of Fertilizers.
"Soluble and active and therefore
most fertilizers are best applied in
early doses, at or near the surface of
the ground and at short intervals, while
cheap, insoluble and slowly acting ma-
terials may be used in large applications
and deeply mixed in order to establish
a more permanent state of fertility."
Again, Professor Johnson says: "Wood
ashes or cheap lime should be broad-
casted at the rate of some 100 pounds
per acre yearly. If, as is becoming com-
mon, crimson clover or other legume be
sown to gather nitrogen, this dressing
of lime and a liberal use of potash salts
will probably be essential to the highest
success."
